# CHALLENGES

## Robust Solutions to overcome challenges in Micro Finance

Over 10,000 microfinance institutions serving in excess of 150m customers, 100m of them being the poorest families. Microfinance is gathering momentum to become a significant force in India. Some challenges faced by micro finance in India are:

### **LACK OF INFORMATION**

Small, rural borrowers are facing difficulties to obtain Credit information as majority of rural poor rely on other informal lenders, which is not in the interest of such lenders to pass on borrower's good credit repayment record to other providers of finance.

### **FINANCIAL ILLITERACY**

Illiteracy of people makes difficulties in creating awareness of microfinance and even more difficult to serve as microfinance clients.

## **REGIONAL IMBALANCES**

Unequal geographical growth of Microfinance and SHG. Around 60% of MFI agrees to face difficulties in communications with remote areas. It's poor infrastructure degrades larger share of rural community in MFI, hence coverage is comparatively low.

## **DIVERSE BUSINESS MODEL**

Supporting wide ranges of lending products and it's features is tough and requires a considerable budget for efforts and implementation.
